Corporate Environment Policy

The Environment Policy of Bigorre Aerospace Corporation (BAC) recognizes that reducing the environmental impact of our products and operations is an important part of the value we deliver to our customers.

BAC remains fully committed to achieving environmental excellence and to working with our partners and suppliers to meet or exceed the environmental commitments summarized below.

In addition to complying with all applicable laws and regulations, we commit to:

- Make environmental concerns an integral part of our planning and decision-making process and commit sufficient resources to implement effective environmental programs.
- Educate employees to be accountable for environmental stewardship and encourage them to seek innovative ways to improve the environmental safety of our operations.
- Minimize, mitigate or restore any adverse environmental impacts caused by our operations.
- Continually improve our environmental programs.
- Promote the efficient use of energy.
- Ensure the proper handling and disposal of all wastes, and minimize their creation while pursuing opportunities to recycle and reuse waste materials.
- Evaluate our environmental performance through periodic reviews and audits to ensure that our conduct is consistent with these principles.
