

BIGORRE AEROSPACE CORPORATION

CAPABILITY STATEMENT

CAPABILITY STATEMENT

With a rich history dating back to 1987, Bigorre Aerospace Corporation has consistently demonstrated its commitment to providing customers with high-quality and high-value products. Our company places great importance on meeting customer requirements and delivering products on time. Bigorre is dedicated to enhancing our Aerospace Quality Management System, ensuring that it remains up to date with industry standards and best practices. This commitment not only guarantees the satisfaction of customers but also reinforces the safety of the products that we deliver.

DIFFERENTIATORS

- **FAA Certified Manufacturer**
Bigorre meets the stringent standards and regulations set by the FAA for manufacturing aviation-related products.
- **FAA / EASA 145 Certified Repair Station**
Bigorre is authorized to perform maintenance, repair, and overhaul (MRO) services on aircraft and their components.
- **ISO 9001 & AS9100D Certified**
Bigorre is committed to maintaining a high level of quality and adherence to strict quality management practices.
- **CASE 1A Airline Quality Standards**
Bigorre adheres to rigorous quality standards set by airlines, ensuring that Bigorre's products and services meet or exceed the demanding requirements of the aviation industry.
- With a **strong emphasis on quality**, customer satisfaction, and safety, Bigorre Aerospace Corporation is established as a trusted partner in the aerospace industry.
- Through our **unwavering commitment to excellence**, we continue to set new benchmarks and deliver innovative solutions to meet the evolving needs of the industry and our customers.

CORE COMPETENCIES
