June 26, 2012

The purpose of this component capabilities list is to supplement our Repair Station Air Agency Certificate and specifically list the radio/instrument components this repair station is authorized to maintain, inspect and repair.

This document will be co-located with the Repair Station Operation and Quality Control Manual, but is a separate document. This issue and all revisions to this document become effective upon approval by the Federal Aviation Administration.

Approved, General Manager:

A handwritten signature in black ink, consisting of several fluid, overlapping strokes, positioned below the 'Approved, General Manager:' text.
