

CAPABILITIES STATEMENT

COMPANY OVERVIEW: Resiliency – Accountability – Affordability

With a rich history dating back to 1987, Bigorre Aerospace Corporation has consistently demonstrated its commitment to providing customers with high-quality and high-value products. Our company places great importance on meeting customer requirements and delivering products on time. Bigorre is dedicated to enhancing our Aerospace Quality Management System, ensuring that it remains up to date with industry standards and best practices. This commitment not only guarantees customer satisfaction, product innovation, and also reinforces the safety of the products.

DIFFERENTIATORS

- **FAA Certified Manufacturer:** Bigorre meets the stringent standards and regulations set by the FAA for manufacturing aviation-related products.
- **FAA / EASA / UK CAA 145 Certified Repair Station:** Bigorre is authorized to perform maintenance, repair, and overhaul (MRO) services on aircraft and their components.
- **ISO 9001 & AS9100D Certified:** Bigorre is committed to maintaining a high level of quality and adherence to strict quality management practices.
- **CASE 1A Airline Quality Standards:** Bigorre adheres to rigorous quality standards set by airlines, ensuring that Bigorre's products and services meet or exceed the demanding requirements of the aviation industry.
- **Our Safety Management System** reflects our commitment to safety and security.
- With a **strong emphasis on quality**, customer satisfaction, and safety, Bigorre Aerospace Corporation is established as a trusted partner in the aerospace industry.
- Through our **unwavering commitment to excellence**, we continue to set new benchmarks and deliver innovative solutions to meet the evolving needs of the industry and our customers.

NAICS CODES

336320 Lighting Fixtures Manufacturing.
335129 Fluorescent Systems
335139 UV, Approach, Search Lights Manufacturing.
541330 Lighting Engineering
541490 Lighting Design Services
811310 Lighting Repairs

PSC CODES

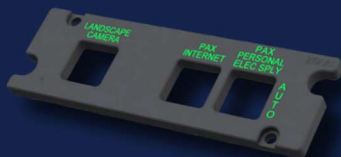

6240 Fluorescent Lighting Systems, Electric Lamps.
6220 Submarine Lighting, Electric Vehicular Lights and Fixtures
AD20 Electric Lighting & Engineering

CORE COMPETENCIES

- Cabin and Cockpit Lighting Systems Manufacturer
- Custom Fixtures
- Lighting Retrofit Solutions
- Instrument Lighting and Overlay Cockpit Panels Manufacturing
- Management Control Systems and Human-Machine Interface
- Map Lights, Screen Backlighting, and Matching Air Outlets
